HSIN KUANG STEEL CO., LTD. 2019 General Shareholders Meeting

Time: 9:00 AM, June 11 (Tuesday), 2019

Location: No. 120, Gongye 8th Road, Guanyin District, Taoyuan City

(The Company's Guanyin Plant Conference Office)

Attendance: Total outstanding Hsin Kuang shares: 310,687,699 shares, Total shares represented by shareholders present in person or by proxy: 177,532,847 shares, Percentage of shares held by shareholders present in person or by proxy: 57.14%.

Chairman: Mr. Alexander M.T. Su, the Chairman of the Board of Directors

Recorder: Jessica P.H.Liu

Directors present: Alexander M.T.Su (Chairman of Han De Investment Co., Ltd.) \ Trickle T.C.Chang (Chairman of Trickle Co., Ltd.) \ Ming-shan, Jheng \ Fisher C.H.Yu \ Johnathon Y.J.Su \ Shih-yang, Chen

Independent Directorspresent: Po-Yung Chu · Paul T.Y.Huang

Staff present: Deloitte & ToucheSheng-Hsiung Yao, CPA

Tung Wah Law Firm Ke-ming Liao, Lawyer

I. The aggregate shareholding of the shareholders present in person or by proxy constituted a quorum.

The Chairman called the meeting to order

II · Chairman's Address (omitted)

III · Report Items:

- Case 1 2018 Business Report.

 (Questions raised by the shareholder and the management's responses were omitted)
- Case 2 Audit Committee's Report.
- Case 3 Report on the 2018 distribution of remuneration to employees, directors, and supervisors.
- Case 4 Report on the Company's total amount for endorsement, guarantee and amount of loans to third parties.

VI · Acceptance and Discussions:

- Case 1: Ratification of the 2018 business report and final financial statements. (proposed by the Board of Directors)
 - Description: (1) The Company's 2018 financial statements, including: the balance sheet, comprehensive income statement, statement of changes in equity and the cash flow statement, have been audited by Sheng-Hsiung Yao, CPA and Jui-Na Chang, CPA of Deloitte and recognized in the 12th meeting of the Company's 14th-term Board of Directors.
 - (2)Please refer to and ratify Attachment 1 from page 9 to page 10 and Attachment 3 and 4 from page 12 to 30 of the Proceedings Manual for the Company's 2018 Business Report, CPA Auditing Report and the aforementioned financial statements.

(Questions raised by the shareholders and the management's responses were omitted) Voting Results:

RESOLVED, that the 2017 Business Report and Financial Statements be and hereby were accepted as submitted.

- Case 2: Approval of 2018 Earnings Distribution Statement. (proposed by the Board of Directors)
 - Description: (1) The Earnings Distribution Statement is for the distribution of distributable earnings of 2018 in cash dividend of NT\$1.5 per ordinary share. In the event that the total number of the Company's stocks in circulation is affected for any reason, please authorize the Chairman to adjust the distribution ratio based on the total amount of earnings to be distributed and the resolution in this shareholders meeting in accordance with the quantity of the Company's shares in external circulation on the record date.
 - (2) For this period's motion to distribute dividends to shareholders, the dividend will be calculated to the amount of one whole NTD, and any decimal point below one NTD will be rounded down. Shares below one dollar NTD will be adjusted from the largest decimal place, until the total amount of dividend for shareholders has been distributed.
 - (3) The Company's 2018 Earnings Distribution Statement was approved in the 12th meeting of the Company's 14th-term Board of Directors and approved by Supervisors as the submitted proposal. Please refer to Attachment 5 on page 31 of the Proceedings Manual and ratify.

(Questions raised by the shareholders and the management's responses were omitted)

[Attachment 1]

Hsin Kuang Steel Company Limited Business Report

In 2018, we continued our great performance from the previous year (2017) and overall business performance was great. The steel industry remained very positive in 2018. All of the Company's plants operated at full production capacity and we have achieved the best revenue performance in recent years with smooth operations in procurement, production, sales as well as concerted efforts from employees.

Financial Performance

The Company's combined revenue for 2018 totaled NT\$8.84 billion, which was a NT\$490 million and 5.9% increase from the NT\$8.35 billion of the previous year. The net operating profit totaled NT\$570 million, which was a NT\$420 million and 42% decrease from the NT\$990 million from the previous year. The EPS was NT\$3.17, which was a NT\$0.32 and 9.2% decrease from the NT\$3.49 from the previous year.

In products sales, the Company's operating goal in 2018 was the sale of 383,000 metric tons of steel products and the combined sales of the year reached 340,000 metric tons. The achievement rate was 88.8%.

In income and expenditures, cash outflow in 2018 from business activities amounted to NT\$427.21 million, which mainly consisted of the bills receivable and accounts receivable generated in sales as well as inventories in response to supply and demand operations etc. Cash outflow for investment activities amounted to NT\$849.46 million mainly due to the purchase of properties, investment in plants and equipment, and joint ventures with affiliates. Cash inflow for financing activities amounted to NT\$2,024.19 million mainly due to long-term and short-term loans necessary for operations. The closing cash and cash equivalents of the period was NT\$1,558.96 million.

Annual Corporate Development

The 2019 business strategies include: ①. Procurement: Strengthen supplier

relationships and management and make acquisitions when prices are low; ②. Business: Adopt complex management styles for sales of multiple categories of steel; ③. Customer relationship management: Focus on the value curve and develop new customers. ④. Public and private construction: Adopt concerted cooperation and accept new purchase orders. ⑤. Strategic integration and mid to long-term plans: Implement supply chain integration, work with joint ventures and world-class steel plants, supply and manufacture steel parts for underwater foundations for offshore wind power projects, develop solar photovoltaic materials, and expand overseas investments.

Based on the guidance of the aforementioned strategies, we shall implement the following:

- 1. Blue Ocean strategy: Optimize the inventory structure, integrate value chains, cultivate talent, and expand overseas markets.
- 2. Strengthen business management: Cultivate regional talent, adopt value-oriented strategies for profit centers, intensify development of direct customers and those with whom we have not conducted transactions in a long time, assess and strengthen the capacity of the Central Region Steel Coil Cutting Center, and integrate supply chains.
- 3. Strengthen manufacturing management system: Improve production efficiency, utilization rates, improve labor safety management, improve production quality, reduce the outflow of mixed materials, improve environmental management, and implement production and management resources of joint ventures.
- 4. Simplify corporate procedures: Introduce tags into the production system, assess improvements of the CRM database system with the aim of increasing efficiency and reducing lead time, and improve procedures.

The total annual sales goal of 2019 is set at 370,000 metric tons of steel. The domestic steel market is completely free. The steel supply volume and prices are affected by factors such as China Steel's production capacity and periodic wholesale prices as well as competition from major steel makers from Japan, Russia, Brazil, India Korea and Europe and the trade and tariff negotiations between the United

States and China. We must keep abreast of the volume, price, and lead time in the supply chain and pay close attention to the domestic midstream and downstream demand. With the reputation we have accumulated in the industry throughout the years and the updated and expanded plants, equipment, manpower logistics, and cutting and processing capabilities, all our employees are confident of reaching the operation target of 370,000 metric tons this year under the guidance of the overarching strategy and key execution points.

Future Outlook

The government's policies for the continuous promotion of solar power, offshore wind power, Forward-looking Infrastructure Development, and expansion of domestic demand coupled with strong economic development in the United States and Europe and Mainland China's advancement of output reduction and environmental protection measures contribute to a stable outlook of the domestic steel market this year. We shall continue to implement expansion policies, intensify task-based assignments for the departments, cultivate talent and recruit outstanding talent. We shall advance tasks while implementing effective management, develop existing customers and production lines, and work hard to develop new customers, solar power, wind power, and new products to embrace the new year.

Independent Auditor's Report and the 2018 Consolidated Financial Statements

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders Hsin Kuang Steel Company Limited

Opinion

We have audited the accompanying consolidated financial statements of Hsin Kuang Steel Company Limited (the "Company") and its subsidiaries (collectively referred to as the "Group"), which comprise the consolidated balance sheets as of December 31, 2018 and 2017, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the "consolidated financial statements").

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2018 and 2017, and its consolidated financial performance and its consolidated cash flows for the years then ended, in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2018. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters for the consolidated financial statements of the Group for the year ended December 31, 2018 are as follows:

Write-down of Inventories

As of December 31, 2018, inventories in the Group's consolidated financial statements amounted to NT\$4,057,033 thousand, representing 24% of total assets. The Group mainly engages in the sale, cutting, slitting, steel structure processing and logistics of various steel products. Under this business model, the Group must reserve various steel products to respond to market and customer demands. Because steel

industry is highly affected by fluctuations of international steel prices, changes in the value of inventory can affect the calculation of net realizable value of inventories. The amount of inventories is significant to the consolidated financial statements as a whole and the valuation involves management's judgment, in particular, the net realizable value of inventory is estimated based on past selling prices and actual transactions. Therefore, we identified write-down of inventories as a key audit matter.

Refer to Notes 4, 5 and 12 to the consolidated financial statements for the accounting policies and related disclosures on the write-down of inventories.

We performed the following audit procedures in respect write-down of inventories:

- 1. We understood and tested the design and operating effectiveness of key controls over the estimation of inventory write-downs;
- 2. We took into consideration the steel price charts of China Steel Corporation and the market price trend of nickel metal, which was the main material of stainless steel, in assessing the reasonableness of management's estimate for the inventory write-downs;
- 3. We elected samples and checked the consistency of data used by management in calculating the allowance for inventory write-downs with original data in the system, as well as samples selection and most recent sales price corroboration, in order to evaluate the reasonableness of management's estimate and determine inventories which were stated at the lower of net realizable value.

Other Matters

We have also audited Hsin Kuang Steel Company Limited's parent company only financial statements for the years ended December 31, 2018 and 2017, on which we have issued an unmodified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2018 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Sheng-Hsiung Yao and Jui-Na Chang.

Deloitte & Touche Taipei, Taiwan Republic of China

Independent Auditor's Report and the 2018 Individual Financial Statements

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders Hsin Kuang Steel Company Limited

Opinion

We have audited the accompanying financial statements of Hsin Kuang Steel Company Limited (the "Company"), which comprise the balance sheets as of December 31, 2018 and 2017, and the statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the financial statements, including a summary of significant accounting policies (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2018 and 2017, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2018. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters for the Company's financial statements for the year ended December 31, 2018 are as follows:

Write-down of Inventories

As of December 31, 2018, inventories in the Company's financial statements amounted to NT\$4,027,175 thousand, representing 24% of total assets. The Company mainly engages in the sale, cutting, slitting, steel structure processing and logistics of various steel products. Under this business model, the Company must reserve various steel products to respond to market and customer demands. Because steel industry is highly affected by fluctuations of international steel prices, changes in the value of inventory can affect the calculation of net realizable value of inventories. The amount of inventories is significant to the financial statements as a whole and the valuation involves management's judgment, in particular, the net realizable value of inventory, is estimated based on past selling prices and actual transactions. Therefore,

we identified write-down of inventories as a key audit matter.

Refer to Notes 4, 5 and 12 to the financial statements for the accounting policies and related disclosures on the write-down of inventories.

We performed the following audit procedures in respect of write-down of inventories:

- 1. We understood and tested the design and operating effectiveness of key controls over the estimation of inventory write-downs;
- 2. We took into consideration the steel price charts of China Steel Corporation and the market price trend of nickel metal, which was the main material of stainless steel, in assessing the reasonableness of management's estimate for the inventory write-downs;
- 3. We selected samples and checked the consistency of data used by management in calculating the allowance for inventory write-downs with original data in the system, as well as samples selection and the most recent sales price corroboration, in order to evaluate the reasonableness of management's estimate and determine inventories which were stated at the lower of net realizable value.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures

that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the year ended December 31, 2018 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Sheng-Hsiung Yao and Jui-Na Chang.

Deloitte & Touche Taipei, Taiwan Republic of China

		(466,031,549)		
Retained undistributed earnings in this year		1,460,322,680		

- (1). The Company shall distribute shareholder dividends totaling NT\$466,031,549 this year with cash dividends of NT\$1.50 per share. After the approval of the shareholders' cash and stock dividends proposal by the general shareholders meeting, the Board of Directors shall be authorized to decide the record date for distribution.
- (2). For this period's motion to distribute dividends to shareholders, the dividend will be calculated to the amount of one whole NTD, and any decimal point below one NTD will be rounded down. Shares below one dollar NTD will be adjusted from the largest decimal place, until the total amount of dividend for shareholders has been distributed.
- (3). In the event that the number of shares outstanding are affected by changes in the Company's share capital, making it necessary to revise the shareholder's cash dividend rate as a result, the shareholders' meeting is requested to authorize the Board of Directors or individuals authorized by the Board of Directors to handle such revision at its full discretion.
- (4). The 2018 earnings shall be prioritized for the Company's earnings distribution.

Article 9 Evaluation and Operating Procedures for the Acquisition or Disposal of Real Property or Other Fixed Assets

1. Price determination methodology and supporting reference materials

In acquiring or disposing of real property, equipment, or right-of-use assets thereof, the original user unit or related authorized unit shall submit a proposal with explanations to the asset management unit to process through price comparison, price negotiation, or tendering in accordance with the publicly announced current value, appraised value, actual transaction prices of nearby real property, and transaction prices of similar assets in recent periods.

- 2.Appointment of experts to provide appraisal report
 In acquiring or disposing of real property,
 equipment, or right-of-use assets thereof where the
 transaction amount reaches 20 percent of the
 Company's paid-in capital or NT\$300 million or
 more, the Company, unless transacting with a
 domestic government agency, engaging others to
 build on its own land, engaging others to build on
 rented land, or acquiring or disposing of equipment
 or right-of-use assets thereof held for business use,
 shall obtain an appraisal report prior to the date of
 occurrence of the event from a professional
 appraiser and shall further comply with the
 following provisions:
 - (1)Where due to special circumstances it is necessary to give a limited price, specified price, or special price as a reference basis for the transaction price, the transaction shall be submitted for approval in advance by the Board of Directors; the same procedure shall also be followed whenever there is any subsequent change to the terms and conditions of the transaction.
